SANITARY WARE

M A D E I N I N D I A

A brand story:

Holo Sanitary Wares Pvt. Ltd. stands as one of Morbi's largest manufacturers of high-quality sanitary wares. With a robust manufacturing capacity of 2200 pieces per day, scalable up to 3000 pieces, we are dedicated to fulfilling the ever-growing demands of our valued customers.

Our cutting-edge factory spans over 500,000 square feet, including 300,000 square feet of constructed area. We also provide 200 1 BHK accommodations for our skilled co-workers, ensuring a modern, positive work environment that fosters well-being and productivity.

Our Vision:

At Holo Sanitary Wares Pvt. Ltd., our vision is to lead the industry with high-quality, durable sanitary water products while fostering strong relationships with our business associates. Our commitment to excellence, innovation, and sustainable practices ensures that we not only meet but exceed the expectations of our valued customers.

With a solid foundation built on expertise and a forward-thinking approach, we are poised to become the foremost manufacturer of sanitary water products. Our dedication to quality and sustainability drives every aspect of our operations, ensuring a brighter, cleaner future for all.

OUR TEAM : EXPERTISE AND DEDICATION

At the heart of our company are two distinguished leaders, Mr. Amit Sachde and Mr. Girish Vadaviya, whose combined expertise drives our success.

Mr. Amit Sachde has been a pivotal figure in the ceramic industry since 2001. With a career spanning over two decades, his extensive experience includes a significant tenure at Somany Ceramics, starting in 2010. His profound knowledge and innovative approach have been instrumental in propelling our company to new heights.

Mr. Girish Vadaviya brings a wealth of financial consultancy experience and an in-depth understanding of the insurance industry, dating back to 2005. His expertise extends to labor law consultancy, adding a vital dimension to our strategic operations. His multifaceted skills ensure our company's robust financial health and compliance.

COMMITMENT TO SUSTAINABILITY

Our dedication to sustainability is at the core of our operations. We are committed to protecting the environment through a series of innovative initiatives:

Water Conservation : Implementing cutting-edge techniques to minimize water consumption in our production processes, ensuring efficient use of this precious resource.

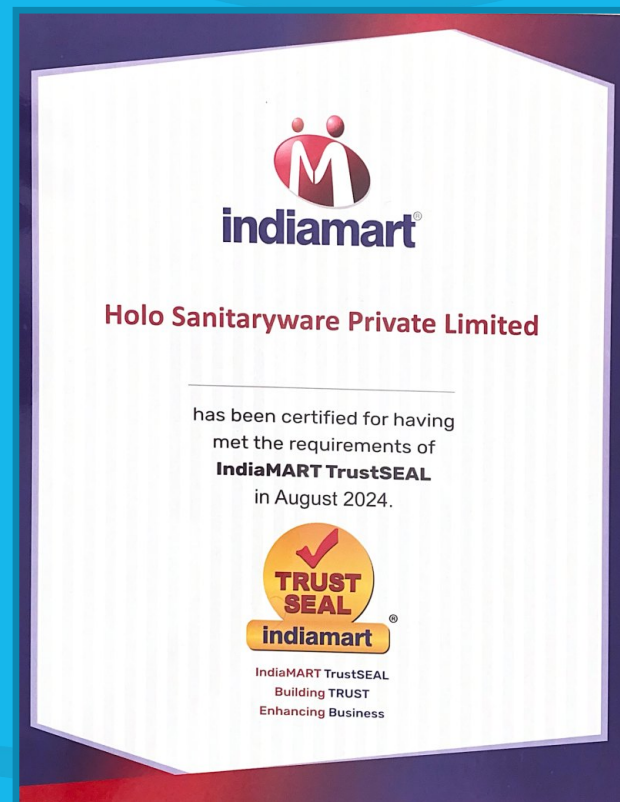

Renewable Energy : Harnessing the power of solar energy and utilizing green fuels for 50% of our energy needs. These measures significantly reduce our carbon footprint and contribute to a greener planet.

Zero Waste Emissions : Striving to achieve zero waste emissions through comprehensive recycling and reuse strategies. By recycling wastewater and materials, we are making strides towards a more sustainable future.

MEET OUR TEAM

Certificate

Manoj Godhani - HR Department

Manoj Godhani has been an integral part of the ceramic industry since 2003. With over 20 years of experience, his expertise and leadership have been pivotal in driving success and efficiency. Under his guidance, a dedicated team of over 2000 workers consistently meets the highest standards of production in all aspects of our operations. His commitment to fostering a positive work environment ensures our team is motivated and productive, contributing significantly to our overall success.

Milan Thoriya - Account Department

Milan Thoriya possesses a deep understanding of account management and operations, with over 10 years of experience in the field. Notably, he has served as an accomplished accountant at Patidar Enterprise for over 5 years. Milan's expertise in financial planning and analysis has been instrumental in contributing to our company's success. His attention to detail and strategic approach ensure our financial health and compliance with industry standards.

Mehul Ratanpara - Account Department

Mehul Ratanpara has been associated with the financial industry since 2011. As the Chief Accountant at Vinayak Corporation, he has played a crucial role in managing and overseeing all financial aspects of the company. His expertise contributes to our commitment to maintaining financial stability and transparency. Mehul's strategic financial management skills help us optimize resources and ensure sustainable growth.

Deep Savsani - Marketing Department

Deep Savsani has been diving into the sanitaryware industry since 2020. With a fresh perspective and enthusiasm, he has made a significant impact. His previous experience as a Marketing Executive at Sezanza Wall Tiles, where he earned worthwhile expertise, helps us effectively promote and position our ceramic products. Deep's innovative marketing strategies and keen market insights ensure our products reach the right audience and achieve maximum visibility.

Hemal Shah - Marketing Department

Hemal Shah has been connected with various industries since 2000, including sanitaryware, paper mills, tile, and plastic industries. His diverse background and extensive marketing expertise make him a valuable asset to our team. Hemal has a vast network of dealer and channel partners, which is instrumental in expanding our market reach and establishing strong relationships within the industry.

Chirag Aervadiya - Production Department

Chirag Aervadiya established a strong presence in the sanitaryware industry in 2016. With 2 years of valuable experience in Micron Industries, he joined Bell Sanitaryware as Production Head. Throughout his journey, Chirag has honed his skills and earned a deep understanding of the field. His industry knowledge ensures our team continues to deliver exceptional sanitaryware products to our valued customers, maintaining our reputation for quality.

Kamran Chaniya - Production Department

Kamran Chaniya brings a wealth of expertise and a rich background in the sanitaryware industry since 2006. His leadership ensures seamless operations and superior product quality. Kamran has also served as a production manager at Simpulo Sanitaryware for 8 years and held the position of production in charge at Eros for Sanitaryware for 9 years. His extensive experience and hands-on approach drive operational excellence and continuous improvement.

Nitesh Bhatasna - Production Department

Nitesh Bhatasna has a longstanding association with the Brass and Coton industries since 1996. His deep knowledge of production systems enables him to streamline processes and enhance efficiency. With his experience, our team embraces a seamless production approach that drives operational excellence. Nitesh's expertise ensures our products meet the highest standards of quality and performance.

Nimesh Panara - Production Department

Nimesh Panara has been connected with the ceramic industry since 2008. With his keen eye for detail and a commitment to ensuring superior product quality, Nimesh brings valuable insights to the table. He has also served as a quality inspector at Somany Ceramics for 4 years and took on the role of a production engineer at Vintage Ceramic. His thorough understanding of production processes and quality control measures ensures our products are crafted with precision and care.

Mayank Vadaviya - Production Department

Mayank Vadaviya, the newest addition to our team, brings a fresh perspective to the sanitaryware industry. With a B.Sc. in Chemistry, he has a strong foundation in the scientific aspects of production. As a member of our quality department at Holo Sanitary Wares Pvt. Ltd., Mayank plays a vital role in ensuring that our products meet the highest standards of excellence. His innovative approach and dedication to quality make him an asset to our team.

WITH GERMAN TOUCH

INTRODUCING
WATER SAVING CONCEPT

A back to wall toilet is installed directly onto a supportive wall meaning that all plumbing and waste pipes can flow straight into the wall making it hidden from view. The cistern can be concealed by a back to wall unit or within the wall itself making for better aesthetics and saving space

Installation instruction

WALL HUNG BASIN

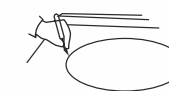

- 1) The rag bolt should be first grouted into the wall using cement/concrete, (as shown) as per distance between slots provided in the wash basin. The bolts should be fixed perpendicular to the wall. Allow cement/concrete to set. Check if the Rag Bolts are firmly fixed. Fix the Wash Basin in the bolt using Nut & Washer.
- 2) If brackets are use, prefer nylon or aluminum instead of iron brackets as it tends to rust.
- 3) If small basins are screwed to wall, use nylon washers and steel screws.
- 4) While fixing waste outlet, ensure that the rubber washer is placed on the outlet under the basin.

COUNTER WASHBASIN

- At the beginning
1. A skilled or experienced person should install counter lavatories.
 2. Avoid using adhesive with this product.
 3. Check the waste area and supply tubing if required.
 4. Do not open the lavatory from its protective carton until you are ready for installation.
 5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

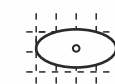

Measure tape, keyhole or saber saw, Hammer, Glasses, Rage or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

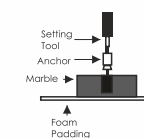

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top as directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and pre-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tools and hammer to secure the anchors.

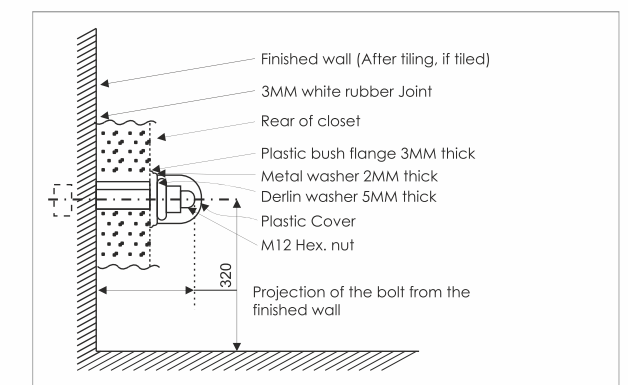

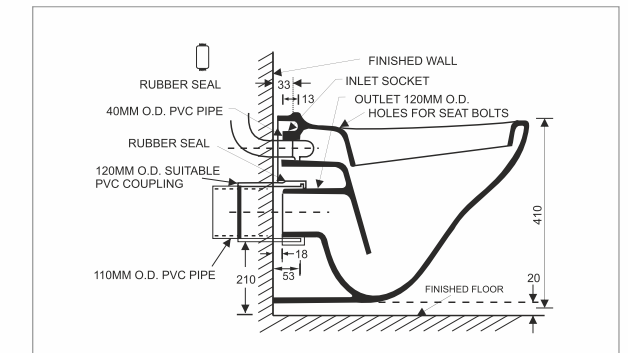

For All Installations :

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

INSTALLATION DETAILS OF WALL HUNG

CONCEALED WALLHUNG

1. If the wall is going to be plastered for a thickness of 12 mm and a tile thickness of 6-7 mm, the projection of the bolts from the finished wall should be 66mm only.
2. If the thickness of Plastering and tile is less than the dimensions mentioned above, the bolts that are supplied along with the bracket should be moved into the wall by using a suitable spacer washer between the bolt head and the bracket frame.
3. The bracket should be buried into the floor so that the height from the center line of the bolt to the surface of the finished floor is 320mm.

MAINTENANCE

Like any other part of your houses, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets

Cleanser like harpic can be used to clear the closet with soft plastic brush, at least once a day. To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby. In case toilet and basins, if there has been no maintenance since long period of time, water deposit and discoloration can form on the surface of areas that get wet, In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid. Clean with a soft cotton cloth and warm water with soap. Do not use thinner, dry cleaning liquids or powder paste. Use a liquid cleaner at least twice a week. Use Brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
