## AN OVERVIEW

Parth Metal was established in 2010 at the industrial hub Metoda, GIDC (Rajkot), Gujarat. This was an era when the state government specifically focused on developing & promoting manufacturing industries that shall bloom the economy of the country.

For growing with the flow, we started manufacturing Bathroom Accessories under the brand name 'AQUARIUM'. Our company works on three significant terms, i.e., Quality Control, Quantity Uncontrolled, and Quirk. These three factors along with smooth governance in the organization are the keystones towards our success. We strongly believe in offering the best quality products to our customers; no matter how big the quantity of orders is, our utmost priority is customer satisfaction and quality.

What outshines us in our field is our philosophy of Quality, Excellence and Maintenance. Along with manufacturing, we also export bulk production of stainless steel and brass accessories overseas. Not only that, but we also provide majority of our products for wholesaling and retailing purposes. The ever-expanding market has now accepted our brand, and thus we are able to gain a larger market share. We received appreciation from around 20 states of India. User satisfaction is our motto, and we want to continue satisfying all our users.

Quality maintenance and a user-friendly approach have been the driving force for us till date & has helped us achieve greater heights. With the support of our distributors, dealers and end-users, we strive to garner a majority global market share and achieve higher milestones in our journey towards excellence.

We ensure to bring a satisfied smile on your face when our products become a part of your home, and we shall always keep our promises just like the quality of our products.

relax, it's **AQUARIUM**

towards a better  
tomorrow
